The enclosed copy sheet is for you to fill in and keep for your own records

It has been recognised that the reporting of farming activities on **seasonally let land (364 days or less)** were causing problems for farmers.

Therefore, details of agricultural/horticultural activity on seasonally rented in land will now be sought from the person who is actually farming the land on 2 June 2000.

Please complete this form only in respect of the holding quoted above ensuring that any land rented in is accounted for.

The form relates to the land area derived from:

- a) land owned by you
plus
- b) land rented in by you, both seasonally and long term
minus
- c) land let out by you, both seasonally and long term
equals
- d) land farmed by you (including associated buildings and livestock)

Please ensure all livestock being reared by you is included on the form, whether grazed on land owned or rented.
